Cleaner Production

1. UNEP DTIE— *Cleaner Production Activities*
<http://www.unepie.org/pc/cp/home.htm>
2. *Cleaner Production Resources for Business Managers*
<http://www.cleanerproduction.com/Ecolink/industry.html>
3. UNIDO— *Information Sources on Cleaner Production*
<http://www.unido.org/ssites/env/envlearn/LUeight04.html>
4. US EPA— *Enviro\$en\$e*
<http://es.epa.gov/>
5. US EPA— *Pollution Prevention Resource Exchange (P2Rx)*
<http://wrrc.p2pays.org/default.htm>
6. International Institute for Industrial Environmental Economics at Lund University—
Cleaner Production Strategies for Africa
<http://www.lu.se/IIIEE/research/africa/africa1.html>
7. World Bank— *Pollution Prevention and Abatement Handbook*
<http://wbIn0018.worldbank.org/essd/essd.nsf/Docs/TOC?OpenDocument>
8. International Network for Environmental Management (INEM)— *Case Studies*
http://www.inem.org/htdocs/inem_casestudies.html
9. Environment Australia Eco-efficiency & Cleaner Production
<http://www.ea.gov.au/industry/eecp/>
10. Canadian Centre for Pollution Prevention's (C2P2)
<http://www.c2p2online.com/>
11. Pacific Northwest Pollution Prevention Resource Centre (PPRC)
<http://www/pprc.org/pprc>
12. P2-Edge Software: Created by the Pacific Northwest National Lab, it aims to help engineers and designers incorporate pollution-prevention strategies into the design stage of new products, processes, and facilities to reduce life-cycle costs and increase materials and energy efficiency. Available for free by sending name and address to Kimberly Fowler, Pacific Northwest National Laboratory, P.O. Box 999, K8-03, Richland, WA 99352 USA. Email: kim.fowler@pnl.gov

Cost Accounting and financing

1. International Website on Environmental Management Accounting (many resources)
<http://www.EMAwebsite.org>
2. Association of Chartered Certified Accountants (ACCA)— *Social & Environmental Accounting*
<http://www.accaglobal.com/publications/environment/>
3. The United Nations Environment Programme (UNEP)— Cleaner Production Financing
<http://www.financingcp.org>
4. P2/FINANCE software, Pollution Prevention Financial Analysis and Cost Evaluation (free download)
<http://www.epa.gov/opptintr/acctg/download/p2finan.htm>
5. E2/FINANCE software, Energy & Environment Financial Analysis and Cost Evaluation (free download)
<http://www.tellus.org/general/software.html>
6. International Federation of Accountants (IFAC)— *Environmental Management in Organizations: The Role of Management Accounting (free online download)*
<http://www.ifac.org/Store/Details.tpl?SID=9559538662611&Cart=102503132461761>
7. Washington State Department of Ecology— *Cost Analysis for Pollution Prevention worksheet (free download)*
<http://www.ecy.wa.gov/pubs/95400.pdf>
8. The International Institute for Sustainable Development— *Business and Sustainable Development: A Global Guide*
<http://www.bsdglobal.com/>
9. Association for Environmental Management in Banks, Savings Banks, and Insurance Companies (VfU)— *Brochure “Time to Act – Environmental Management in Financial Institutions”*
<http://www.vfu.de/publish.timetoact.html>

Pesticides and IPM

1. FAO— *Irrigation Water Management: Training Manual No. 1 – Intro. to Irrigation*
<http://www.fao.org/docrep/R4082E/R4082E00.htm>
FAO— *Irrigation Water Management: Irrigation Methods*
<http://www.fao.org/docrep/S8684E/S8684E00.htm>
FAO— *Wastewater treatment and use in agriculture - FAO irrigation and drainage*
<http://www.fao.org/docrep/T0551E/T0551E00.htm>
FAO— *Special: Organic agriculture and FAO* (Collection of articles)
<http://www.fao.org/sd/epdirect/EPre0055.htm>
2. University of Minnesota— *Radcliffe's IPM World Textbook*
<http://ipmworld.umn.edu/ipmsite.htm>
University of Minnesota— *An Ecological Approach to Biological Control of Gramineous Stem-borers in Africa: The Introduction and Establishment of Cotesia flavipes Cameron (Hymenoptera: Braconidae)* <http://ipmworld.umn.edu/chapters/overholt.htm>
3. Consortium for International Crop Protection— *Database of IPM Resources (DIR): African Internet IPM Resources* http://www.ippc.orst.edu/cicp/regional_IPM/africa.html
4. International Institute of Tropical Agriculture— *Research project 7: Improving Plantain- and Banana-based Systems* <http://www.iita.org/research/ipbbs1.htm>
5. UC IPM— *UC Pest Management Guidelines: Citrus*
<http://www.ipm.ucdavis.edu/PMG/selectnewpest.citrus.html>
6. International Centre for Insect Physiology and Ecology— *Integrated Pest Management Communications Workshop: Eastern/Southern Africa*
<http://www.ag.vt.edu/ail/finrep.pdf>
7. European Commission Environment in Developing Countries— *Integrated pest management* <http://www.pan-uk.org/Internat/IPMinDC/pmn2.pdf>
8. BioNET-INTERNATIONAL— *A Southern African Network for Building Capacity in Micro-Organism Biosystematics* <http://www.natmus.cul.na/safrinet/pests.html>
9. IPEN— *The POPS Handbook for the Stockholm Convention on Persistent Organic Pollutants* (document dealing with persistent organic pollutants (like pesticides))
<http://www.oztoxics.org/research/pops/stockholmweb/index.html>
10. Pesticide Action Network UK— *Progressive Pest Management: Controlling pesticides and implementing IPM* (focus in Africa)
<http://www.pan-uk.org/Internat/IPMinDC/ppm.pdf>
11. Nearctica— *Nearctica - Environment - Pesticides = Integrated Pest Management and Biological Control* <http://www.nearctica.com/environ/pest/ipm.htm>

HACCP

1. FAO— *Quality assurance for small-scale rural food industries* (industrial hygiene) <http://www.fao.org/docrep/V5380E/V5380E00.htm>
2. FAO— *Guidelines for small-scale fruit and vegetable processors* (industrial hygiene) <http://www.fao.org/docrep/w6864e/w6864e00.htm#Contents>
3. FAO— *Food Quality and Safety Systems - A Training Manual of food Hygiene and the Hazard Analysis and Critical Control Point (HACCP) System* (International regulations for food Quality Control) <http://www.fao.org/docrep/W8088E/W8088E00.htm>
4. FAO— *Fruit and vegetable processing* <http://www.fao.org/docrep/V5030E/V5030E00.htm>
5. FAO— *Food Hygiene - Basic Texts* (Contains general principles of food hygiene; HACCP guidelines; Microbiological criteria for foods guidelines; and microbiological risk assessment guidelines) ftp://ftp.fao.org/codex/standard/booklets/Hygiene/fh_en.pdf
6. UNIDO— *Quality Control/ Quality Assurance and International Trade: Good Manufacturing practices (GMP); Hygiene requirements; hazard analysis and critical control points (HACCP) for Fruits and Vegetables Processing in Developing Countries* <http://www.unido.org/userfiles/cracknej/fvfs1.pdf>
7. UNIDO— *Industry Brief - Fruit and Vegetables* <http://www.unido.org/userfiles/cracknej/fvib1.pdf>
8. RMIT University— *HACCP as an Innovation Tool: Case studies in Horticulture* <http://www.cmqr.rmit.edu.au/publications/pbinnova.pdf>
9. Infopeche— *Current Situation of HACCP Application in Africa* (fisheries) <http://www.orst.edu/dept/IIFET/2000/papers/tall.pdf>
10. Codex Alimentarius Commission— *Guidelines for the Production, Processing, Labelling and Marketing of Organically Produced Foods* ftp://ftp.fao.org/codex/standard/booklets/Organics/gl01_32e.pdf
11. World Bank Group— *Promoting Agro-Enterprise and Agro-food Systems Development in Developing and Transition Countries* [http://wbln0018.worldbank.org/essd/rdv/vta.nsf/5f265c629632b34085256984006d3654/8b4918757b416221852569ad00747ed1/\\$FILE/Agrifood.pdf](http://wbln0018.worldbank.org/essd/rdv/vta.nsf/5f265c629632b34085256984006d3654/8b4918757b416221852569ad00747ed1/$FILE/Agrifood.pdf)
12. European Union Institute of Development Studies— *EU Agricultural and Fisheries Market Access for Developing and Transition Countries* (EU import policies) <http://www.dfid.gov.uk/AboutDFID/files/itd/afma.pdf>
13. US Department of Agriculture— *Food And Agricultural Import Regulations And Standards Report (FAIRS)* (US regulations on imports) <http://www.fas.usda.gov/itp/ofsts/us.html>
