\*Partner contributions listed here are based on estimated contributions as of March, 2003. These may be adjusted upward or downward as the alliances evolve. In some cases, the partner contribution is multi-year. This list does not include some mission-based and DCHA funded public-private partnerships which have leveraged additional private funding.

\*\* These Global Health alliances pre-date FY02. The USAID contribution reflects FY02 funding. The partner contributions for these alliances are for FY02 only and are estimates based on a percentage of multi-year commitments.
